**Ambassadors cannot qualify for the FFM in both CV and QOV categories.

Q COMPENSATION PLAN & PROMOTIONS

GLOSSARY OF TERMS

Active Ambassador: An Ambassador who maintains a monthly minimum of 100 PV.

Ambassador: An affiliate of Q Sciences who is an Independent Business Owner who has the potential to earn commissions under the Q Compensation Plan.

AutoShip: A pre-set, recurring monthly order filled, shipped, and charged to an Ambassador or Preferred Customer.

Care and Share Rewards: A program whereby an Ambassador or Preferred Customer who maintains a minimum monthly AutoShip order of at least 100 PV can earn an ongoing free 100 PV AutoShip order when they sponsor three or more Preferred Customers who together have a combined minimum monthly AutoShip order of 300 CV. An Ambassador or Preferred Customer can have their monthly AutoShip order increased to 200 PV when the combined monthly minimum AutoShip of their Preferred Customer Volume reaches 600 CV or more. Volume generated from free product through Care and Share Rewards is not commissionable.

Customer Volume (CV): Total volume purchased by an Ambassador's Retail and Preferred Customers. CV may be used by an Ambassador who has not ordered the monthly minimum of 100 PV to qualify as an Active Ambassador, as defined above. In such event, the amount necessary for an Ambassador to reach the 100 PV requirement shall be deducted from the Ambassador's CV, assuming the Ambassador has greater than 100 CV.

Downline: The network of Ambassadors who exist under an Ambassador either by sponsorship or placement.

Leg: Each individual Ambassador, and the entirety of their respective Organization, that is enrolled or placed immediately underneath or front line to an Ambassador representing one "Leg" in the Ambassador's Organization.

Max Leg Percentage (ML%): Maximum percentage of volume from any one leg in an Ambassador's organization that counts towards rank qualification, which determines monthly team commissions.

Monthly Product Sales: The combined total of sales generated through commissionable products totaled on a monthly basis.

Organization: See Downline.

Organizational Volume (OV): Total volume of all Q Sciences products generated by an Ambassador's Organization that qualifies for commissions under the Q Compensation Plan. Organizational Volume for an Ambassador, however, does not include their Personal Volume or their Customer Volume.

Paid Rank: The rank an Ambassador has currently achieved and for which the Ambassador is currently paid pursuant to the Q Compensation Plan.

Personal Volume (PV): Personal Volume includes the volume generated by purchases of Q Sciences products by an Ambassador for their own use. An Ambassador's PV may be augmented by their CV in order to qualify as an active Ambassador, as defined in Customer Volume.

Personally Active (PA): An Ambassador, personally sponsored, who maintains a monthly minimum of 100 PV.

Placement Suite: Upon enrollment, a Sponsor has 7 days to place their newly enrolled Ambassador within their organization (such 7-day period will be referred to as the "Placement Suite"). New Ambassador enrollees that have not been placed by their Sponsor within 7 days of enrollment will, by default, be placed by The Company, in its sole discretion, farthest downline in the leg of their Sponsor's organization with the least organizational volume. In the event that a newly enrolled Ambassador is placed by The Company, the Sponsor shall have 48 hours to replace the newly enrolled Ambassador.

(See Policies and Procedures sections 4.7.3 and 5.3 for more information.)

Preferred Customer (PC): A customer with a monthly recurring AutoShip order, who is eligible to purchase Q Sciences products at the wholesale price.

Promotional Rank Bonus (PRB) One Time: An additional promotional bonus that pays concurrent through Emerald. Diamond and higher PRB is paid consecutive thereafter, with highest rank paid first. Once an Ambassador has achieved the required qualification period, they are eligible for the full bonus payout in equal monthly installment amounts if ranks are earned in consecutive months and maintained consecutively throughout each monthly installment thereafter.

Q Lyfe Financial Freedom Movement: A one-of-a-kind rewards program in which Q Sciences pays out additional bonuses, depending on rank, towards helping Ambassadors pay off qualified debt or contribute to an approved, long-term savings plan.

Qualified Organizational Volume (QOV): An Ambassador's resulting Organizational Volume after Max Leg Percentages are applied to qualify an Ambassador for rank. An Ambassador's Personal Volume and Customer Volume are not included in their Qualified Organizational Volume.

Retail Customer: An individual who purchases Q Sciences products from an Ambassador or directly from the company at the retail price.

Sponsor: An Ambassador who personally sponsors a new Ambassador and places them within their Downline.

Upline: Your Sponsor, your Placement Sponsor, and all Ambassadors above a particular Ambassador in the line of sponsorship extending to The Company.
