

Q Relief

Q Relief is a potent, reliable combination of herbal extracts and a key pain-modulating amino acid that can be used as needed and in varying amounts for both acute and chronic pain relief.*

Pain Relief the Natural Way

Pain, especially chronic pain, is a major problem that may affect up to 30% of adults and accounts for billions of dollars a year in lost work and expenses. Most standard pain treatments have their drawbacks and overuse can lead to addiction, intestinal bleeding, and kidney failure. Q Relief, with its all natural herbal and amino acid blend, is both safe and effective.*

What's in Q Relief?

- **GABA:** (gamma-aminobutyric): An amino acid with a track record of treating both pain and anxiety.
- **Boswellia:** Derived from the Frankincense herb, boswellia inhibits inflammation and reduces associated pain.
- **Cucurmin:** Derived from the herb turmeric, cucurmin is known for its antioxidant and anti-inflammatory properties.
- **Devil's Claw:** A fascinating herb that has shown to have significant pain-relieving properties comparable to anti-inflammatory medications.
- **Skullcap:** Used for centuries for its calming and pain-relieving effects on both the nerves and the brain.
- **White Willow Bark:** Contains salicin, an anti-inflammatory substance that is related to salicylic acid in aspirin, which was derived from willow bark.

Directions: Before initial use, activate the pump by pressing four to six times. Shake gently, spray directly into mouth, and swallow. 8–16 sprays per day as needed.

Note: Do not use if pregnant, nursing, have a history of aspirin allergy, are using blood thinners, or have intestinal bleeding. Always consult your health care provider before taking any dietary supplement.

KEY BENEFITS:

- Relieves both acute and chronic pain*
- Reduces pain response in peripheral nerves and brain*
- Stimulates the production of nerve-blocking chemicals*
- Calms inflammation*
